User Interface Designer

Company: Berkshire Hathaway Shoe Holdings | **Location:** Andover, MA, USA

Job Link: https://www.linkedin.com/jobs/view/4483632938

Job Description & Requirements:

We’re looking for:
A talented, energetic designer to join our web design & development group...a team player who is passionate about embracing emerging technologies and creating engaging user interfaces and experiences, growing and learning on the job.

Responsibilities:

- Crafting compelling online experiences from email campaigns and social media promotions to custom applications, landing pages and full ecommerce websites
- Designing elegant, forward-thinking websites for our many brands
- Creating design prototypes to test and iterate design concepts
- Delivering assets and detailed specifications for front-end development
- Being part of the big picture: working with clients from discovery and concepting to wireframes and polished designs
- Keeping up to date with current industry trends and techniques

Required Skills:

- A Bachelor's Degree in Graphic Design with an emphasis on Interface Design
- Proficiency in Figma, Photoshop and Illustrator
- Strong layout and typography skills
- A basic understanding of HTML, CSS
- Experience in accessible/responsive interface design
- A thorough understanding of how to craft engaging user experiences, interfaces and interactions
- Ability to unify experiences across all channels (desktop, mobile, social & email)
- Self motivated, good organizational skills, dedication and attention to detail; the ability to work independently and as a member of a team and handle multiple projects and deadlines

- Experience with design systems
- And, last but not least: A solid portfolio with your best work.

Bonus Skills:

- Prototyping/animation tools
- Knowledge of web accessibility standards
- UX & User testing experience
- Experience with Salesforce B2C Ecommerce platform
